- Hindi (Native)
- English (Professional)

PROFILE:

BCA final-year student and passionate Web Developer skilled in Frontend and Backend technologies. Experienced in building responsive websites using React.js, Node.js, and JavaScript. Dedicated to writing clean code and creating user-friendly web applications.

ACADEMIC PROJECTS:

WANDERLUST – TRAVEL LISTING WEB APP

- Developed an Airbnb-inspired full-stack property listing platform.
- Implemented categorized listings, pricing, and total price after taxes.
- Added user authentication and functionality to create property listings.
- Designed a responsive and user-friendly interface for browsing properties.
- Live: <https://wanderlust-xabx.onrender.com/listings>

TEXTUTILS (REACT JS ANALYZER)

- Built a high-performance text manipulation and analysis web app using React JS.
- Implemented features like real-time word count, text conversion, and live previews.
- Designed a fully responsive layout optimized for mobile and desktop screens.
- Live: <https://amirsuhail21.github.io/TextUtils/>

FRONTEND GAMES PORTFOLIO

- Programmed logic-driven apps (Tic-Tac-Toe, Rock-Paper-Scissors, Calculator).
- Mastered client-side programming, complex JavaScript algorithms, and DOM events.
- Created clean layouts with modern CSS to ensure optimal cross-device rendering.
- Live: <https://amirsuhail21.github.io/Calculator/>
